Affirmative—The President, Messess Tait, Mabbatt, O'Brief, and McConkey—18.

From the advanced hist

Alderman Correct. hoped that the Board would not allow the gentleman of the Eleventh ward to withdraw his motion.

A MARMER (to Alderman Smith.)—Why did you make the motion, if you intended after having all this talk about it, to withdraw it. I am astonished at your apparent wish to waste our precious time.

The Charkkan—The Clerk having began to take the ayes and nays on the motion of the gentleman of the Eleventh ward, before he offered to withdraw his motion, will, as a matter of course, be voted upon by the Board.

The question on the motion to re-consider the petition was then put, and almost unanimously lost.

A report of the Committee on Accounts, in favor of concurring with the Board of Assistants to direct the various departments to report monthly the receipts and expenses of their departments to the Common Council, having been read.

Alderman STURITMANT rose, and moved that they concur with the Board of Assistants.

Alderman Doussur rose for the purpose of opposing the concurrence of the report. He had not time at present to state his views for opposing the motion of Alderman Sturtevant, but he intended to have his head shaved before Wednesday, so that he could show up the gentleman of the Third. (Rosrs of laughter.)

Alderman Sturstways took the joke very good humoredly, and replied that the gentleman of the Miscetesth would

require to have his head shaved, as his mental faculties had of late been very much clotted, and it would be of the most infinite importance to his constituents if he had his cranium shaved to a "full fight." (Roars of laughter from Aldermen, lobbyers, and others.)

BOARD OF ASSISTANT ALDERMEN

REPURAL TO CONCUR IN THE REMOVAL OF THE CHIEF ENGINEER.

The first session of the Board of Assistants for the present month, was held last evening. Considerable auxi ety was manifested by the friends of the Chief Engineer of the Fire Department, to know what action they would take on the subject of the removal of that officer by the Board of Aldermen, during the last session of that body. There was, therefore, a larger number of persons present than usual, and when the Board, as will be seen, refused

There was, therefore, a larger number of persons present than usual, and when the Board, as will be seen, refused to concur in the action of the Board of Aldermen, on a count of its alleged illegality, they expressed their approbation by the most enthusiastic applause. The subject came up on the reading of the resolution from the other Board, removing the Chief Engineer, when three motions were made—one for reference, one to lay on the table, and one to refer it to the Committee on Laws and Ordinances. Before any of these motions were put by the President, Mr. Barker spoke briefly, as follows:—

The resolutions before us this evening contemplate the removal of an officer of the city government, and the first question we should ask before taking any action in the matter, is what right have we to remove this officer, and others, by the Common Council, upon charges properly sustained. But before he can be removed, it is necessary first that the charges should be prored, that he have an opportunity to answer them, and that the vote for his removal, be passed by two-thirds of the Common Council, and finally receive the sanction of the Mayor. These resolutions, as they came before the Board in an illegal form, cannot be acted upon by this Board. The Board of Aldermen had no right to pass this resolution, and besides it was not passed, as the law requires, by a two-third vote, nor had the officer an opportunity of being heard. It is the duty of this Board, therefore, to refuse to act upon it, or, in other words, to lay it upon the table. I say we have no more right to refer than we have to concur, for by doing either we sanction I have no bias upon this matter, and do not decire to express my opinion upon the propriety or impropriety of the question involved. I will reserve myself till it can be fairly investigated, and the officer has an opportunity of being heard. I move, therefore, to lay these papers upon the table.

The Prusnessy put this motion, and it was passed unanimously. A motion was then made and adopted t

The Presuper put this motion, and it was passed unan Into Prisoners put this motion, and it was passed unan impusty. A motion was then made and adopted that the papers be referred to a special committee of three. The following are the names of the members appointed:—Assistant Aldermen McConkey, Barker, and Tait.

When the Board decided to lay the papers upon the table there was an outburst of applause, which, however, are records as well as upon the supersed. was promptly suppressed.

The Board adjourned till five o'clock on Wednesday.

Court of General Sessions. Before His Honor Recorder Tillou. THE OCTOBER TERM—EMPANNELMENT OF THE GRAND JURY—RECORDER'S CHARGE.
